Meetings

June 29, 30 & July 1 - Three open house meetings and one public hearing will be held to receive input from the public on a draft Feasibility Study and Master Plan, and Environmental Impact Statement for the proposed Glacial Heritage Area (GHA). The draft Feasibility Study and Master Plan, and Environmental Impact Statement for the proposed Glacial Heritage Area can be seen on the DNR Web site at [<http://dnr.wi.gov/org/land/facilities/glacial/index.html>]. In addition, copies are available at local libraries in Watertown, Waterloo, Lake Mills, Cambridge, Fort Atkinson, Whitewater, Deerfield, Johnson Creek, Palmyra, and Milton. For more information about the upcoming meetings or about the project, contact John Pohlman at 608/264-6263 or by e-mail at John.Pohlman@wisconsin.gov. The open houses will be held

June 29, Waterloo - 6 to 8 p.m. at the Junginger Memorial Library, 625 North Monroe St.

June 30, Fort Atkinson - 6 to 8 p.m. at the Fort Atkinson High School library, 905 Lexington Blvd).

July 1, Lake Mills - 5 to 6 p.m. at the Lake Mills Community Center, 200 Water St., Lake Mills. A public informational hearing will follow this meeting from 6 to 8 p.m.

June 30 - The Phosphorus Criteria Advisory Committee will meet at 9:30 a.m. in Room G09 of the State Natural Resources Building (GEF 2), 101 S. Webster St., **Madison**, to discuss draft administrative rules for developing WPDES permit effluent limits and the phosphorus criteria for lakes, reservoirs, streams and rivers. For more information contact Jim Baumann at (608) 266-9277.

June 30 - The Wisconsin Department of Natural Resources and the Minnesota Pollution Control Agency will hold the last of a series of community meetings to get input from citizens, businesses and local units of government on ways to improve the water quality of Lake St. Croix. Lake St. Croix, the lower 25 miles of the St. Croix River, is an impaired water body because of excess phosphorus. High levels of phosphorus in water can cause algal blooms that are harmful to humans, pets and our lakes, streams and rivers. Two sessions will be held each day, which will include a 20-minute presentation and a 10-minute question-and-answer period followed by small-group discussion. For information contact Kathy Bartilson of the Wisconsin DNR at 715-635-4053. The remaining Lake St. Croix Restoration community meeting will be held 4 to 5:30 p.m. and 6:30 to 8 p.m. at the Phipps Center for the Arts 109 Locust St., **Hudson**.
